## Medical.

Hoofland's German Bitters,

AND

HOOFLAND'S GERMAN TONIC.

The Great Remedies for all Diseases of the *LIVER, STOMACH, OR DIGESTIVE ORGANS.*

Hoofland's German Bitters

Is composed of the pure juices (or, as they are medicinally termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcohol or admixture of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

HOOFLAND'S GERMAN BITTERS.

Those who have no objection to the combination of the Bitters, as stated, will use

HOOFLAND'S GERMAN TONIC.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, often has indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as closely as it does with the Stomach, often becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking, or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, particularly one which has not been resorted to in investigations and inquiries possessing true merit, is skilfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In the connection we would submit the well-known remedies—

*HOOFLAND'S GERMAN BITTERS,*

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *Dr. C. M. JACKSON,*
PHILADELPHIA, PA.

Twenty-Two years since they were first introduced to the American people, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Live Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever;

PROSTRATION OF THE SYSTEM,

induced by Severe Labor, Hardships, Exposure, Fevers, etc.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

*PERSONS ADVANCED IN LIFE,*

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of these BITTERS, or the TONIC, an elixir that will instil new life into their veins, restore the nervous energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health, or to be more explicit, are ALWAYS sick. The fountain of persons the BITTERS, or our TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publishing of but a few. These, it will be observed, are men of note and of such standing that they must be believed.

FROM REV. JOSEPH H. KENNARD, D. D.,

*Pastor of the Tenth Baptist Church, Philadelphia.*

Dr. *Jackson*—Dear Sir:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and reliable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates st.

FROM REV. E. D. FENDALL,

*Assistant Editor Christian Chronicle, Philadelphia.*

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver. Yours, truly,

GRANT AND VICTORY.

A CAMPAIGN SONG.

*Air*—"Champagne Charlie."

Hurrah! for Grant and victory!
Come raise a joyous shout!
Our glorious banner gem'd with stars,
To Heaven's breeze fling out.
Upon it is inscribed a name
That none but traitors fear,
A name that thrills each patriot's heart,
A name we all revere.

CHORUS.

Grant! Grant is his glorious name!
Grant is his glorious name!
Unconditional Surrender Grant!
Unconditional Surrender Grant!
Grant is his glorious name!
Grant is his glorious name!
On this line we'll fight it out, my boys,
Till victory is ours!

Who in the nation's darkest hour
Stood foremost for the right?
Who's plume, when Treason rear'd its head,
Wav'd in the thickest fight?
Who's clarion voice rang loud and clear
As waving sword on high,
He shouted: "On to victory!
We'll beat them back, or die!"
Grant is his glorious name, &c.

Again as on those bloody fields,
Once more he leads us on,
And bravely we will follow him,
Till the battle's fought and won.
Till Right shall triumph through the land,
Till Treason's hosts shall yield
To Grant within our Council Halls
As they yielded on the field.
Grant is our leader's name,
Grant is his glorious name, &c.

Fling out our banner! Well it knows
To bear the battle's brunt,
Wave, wave it high as once it waved,
Defiantly in front.
Aye! raise our standard high in air,
Stand boldly in the fight—
Shout, shout! our watchword loud and clear,
Grant! Victory and Right.
Grant is our leader's name!
Grant is his glorious name!
Unconditional Surrender Grant!
Unconditional Surrender Grant!
Grant is his glorious name!
Grant is his glorious name!
On this line we'll fight it out, my boys,
Till Victory is ours.

TO FATHER ABRAHAM.

*Air*—"We are Coming Father Abraham."

We are coming, Father Abraham,
About two million more,
Right forward on the good old path
You led us in before;
The same old fire in every heart,
The same old flag above,
And the leader you gave us
We follow still in love.

CHORUS.

We are coming, we are coming,
Just as we came before
In that day when first you called us,
About two million more.

We gave our blood, and so did you,

COUNTY SURVEYOR,
OSCAR D. McMILLAN, Gettysburg.

THE Rebellion was got up by an aristocracy, for the interest of aristocracy, and for the purpose of perpetuating aristocratic principles on this Continent. This was freely avowed at the time. The world knows the result.—The rebellion failed, but the men who made it remain, *and are aristocrats still.* They resist every measure tending to carry out truly republican principles, and are awaiting their opportunity to make their work effective.

Many leaders of the Northern Democracy stand with them; and the people should carefully scrutinize, that they may effectually check the first dawning of an attempt to undermine the true principles of the Government.

ADAMS county never had a better, more efficient, or more accommodating officer than Prothonotary KITZMILLER. Honest Democrats know this and will help to re-elect him.

BEFORE the War, Southern Copperheads denounced Northern "mudsills," "greasy mechanics," and "small farmers," as the mere trash of society, who were created especially to sustain the *burthens*, while the slave-holding aristocrats were to have the *honors*, of the Government.

They still think so—the war not having knocked out of them the belief that they were born to ride, rough-shod, "booted and spurred," over the people.

Many Northern Copperheads agree with them—among them Judge BLACK who has declared for Monarchy, if his party should lose the election, and Dr. DILL who speaks contemptuously of his competitor as a "poor blacksmith."

Let these men be watched.

KIMMELL in his Gettysburg speech, denied that his party were in favor of taxing "EVERY SPECIES OF PROPERTY."

But he was afraid to read that part of the New York Platform, which pledges the party to that identical act of folly, stupidity, and injustice. Judge KIMMELL assumed that his hearers did not understand politics. Whereas every Republican present (and there were many) and sundry Democrats detected the falsehood, and were indignant at it.

Come, Judge: stand up to the Copperhead rack, "fodder or no fodder."

PROTHONOTARY KITZMILLER is a gallant soldier and imperilled his life to defend the Government against Traitors and Rebels. A sleeveless arm tells the whole story. What did MELHORN do to entitle him to public favor? Remember the one-armed soldier.

KIMMELL thinks that a man's rights should be measured by his success in life. So he said in his Gettysburg speech.

This principle is the essence of aristocracy, and proves that he is in sympathy with BLACK in his hatred of Republican government. He's getting ready for the Monarchy which BLACK raves about. DILL is likewise training for the new order of things.

DISTRICT Attorney COVER beat Mr. Duncan handsomely three years ago. Honest Democrats voted for him then, and will do so again, because he is a clever fellow, good officer, and always at his post.

IF THERE be in this region of country any more DUNCANS, eligible to office, why not trot them all out now? It is rather monotonous to have them come along, demanding office, every year or two. We'd prefer having them all at once, and thus, by defeating them, clear the road for other people, quite as deserving, to get places.

OSCAR D. MCMILLAN, Republican candidate for Surveyor, is also a fighting soldier, who served his country faithfully for three years, while his opponent stayed at home. He deserves the cordial support of every friend of the country.

### DR. DILL ON CAPT. MILLER.

"I am surprised that the Republicans have nominated against me such a man as Charley Miller. If I am to be defeated, I would rather be defeated by some other person than this poor blacksmith."

The above, we understand, is the offensive declaration made by Dr. Dill respecting Capt. Miller—concerning which *many* rumors have been in circulation.

How any man can suppose that this remark does not involve a reflection upon Capt. Miller's occupation, we cannot imagine. To us, it carries with it a mean reflection, which a true man should scorn to make. In our judgment the vindication of the dignity of Labor demands the defeat of Dr. Dill, and the people of the County owe it to their own character to defeat his aspirations for the Legislature.

Don't forget that JACOB A. KITZMILLER, the Republican candidate for Prothonotary, gave an arm to his country, while his Copperhead opponent gave nothing but sympathy with his country's enemies.

A WRITER in the *Compiler* has discovered that a man's sentiments depend upon his clothes, and his personal habits!

If this be so; and if no man can be considered in favor of equality of rights in this country who happens to be prosperous—what does it say of those Democratic politicians and candidates, here and elsewhere, who live in handsome houses, with marble mantles, lace curtains, Brussels carpets, and rose-wood furniture, and who dress in clean linen every day?

Must "Democrats" vote against such people? Then begin by slaughtering the wealthy SEYMOUR.

Do you want economy in the administration of the County offices, with consequent lessening of the taxes, then vote for JACOB G. BASEHOAR for Commissioner, EPHRAIM D. NEWMAN for Director, and JOHN H. FLICKINGER for Auditor. They are all men of the right stamp—honest, capable, and good business men. Their election would secure salutory reforms.

WHILE Col. WILLIAM D. DIXON was in the field, fighting, CALVIN M. DUNCAN was at home, making money by dealing in substitutes.

Vote for DIXON.

THE nomination of Col. DIXON sought him out, *as the office should always seek the man.*

DUNCAN bargained, intrigued, and begged for it. He wants it, *for a purpose.*

Vote for DIXON, and get an upright, pure-hearted, and trustworthy Senator.

IN a single club that paraded on Tuesday night, in Philadelphia at the Union League meeting, there marched twenty-five men who voted the Democratic ticket last fall. Big straw, that.

Friends of an upright Judiciary, vote for JOHN PICKING, who will adorn the office of Associate Judge, and bring to it enlarged experience and honest purpose.

LABOR is the basis of all prosperity. Honor it, in the person of its noble representative Capt. CHARLES G. MILLER.

### EQUAL TAXATION OF EVERY SPECIES OF PROPERTY, ACCORDING TO ITS VALUE.—*New York Democratic National Platform.*

WHAT are Dr. DILL's great merits, that he he has a right to sneer at honest poverty?

DEBT of the United States:

August 1, 1865.....$2,367,732,532
June 30, 1866.....2,440,000,000

### DR. BULL'S PETTY SLUR AT MR. CESSNA!

Two weeks ago, we called attention to the allegation that Dr. BULL had spoken in contemptuous terms of Capt. C. G. MILLER, his competitor for Assembly, because of the latter's occupation, characterizing him as a "poor blacksmith." But we stated the case, as if it might be a mistake. Since then, we have seen several residents of Petersburg, *who confirm the statement fully.*

Dr. DILL has not written, or authorized, any denial of it, as far as we are informed. He has not called, or sent any one, to say that injustice was done him. An equivocal explanation appears in the *Compiler* of last week; but it admits the use of the words, only *denying the interpretation given them!*—Even this statement does not claim to be based upon any thing authorized by Dr. DILL, and may be the volunteer statement of the writer, who may know nothing about it.

Had Dr. DILL written, or authorized a denial, we could have given him the benefit of it, in these columns, for we win never, knowingly, do *any* man injustice.

It is hardly necessary to say that the denial in the *Compiler* is wholly unsatisfactory, as to the main point; and is entitled to no consideration whatever. And we are bound to believe the statement as made to us, by several citizens of Petersburg, that Dr. DILL's remarks showed an human ly contempt for labor, which is the strongest possible argument against his election to office. For at this period, when new principles are springing into being, and the institutions of the county are in progress of modification as a necess ary and inevitable result of the great struggle through which the country has passed, it is particularly important that *no man should be put in power who is not in thorough sympathy with the principles of republican government.*

Judge BLACK has recently told the Nation that, in a certain contingency, (one pretty sure to happen, too!), he will be in favor of abandoning the republican form, and adopting the unlimited monarchical form. This is the logical result of the proslavery principles which BLACK has long professed, and which have dried up every generous sentiment of his nature. Let us take care that he has no followers in Adams.

### THE DUNCANS.

This family have a remarkable fondness for office; and a still more remarkable talent for not getting it.

Six years ago, about, AUGUTUS ran for Associate Judge in Franklin, and *did not get it.*

Three years ago, CALVIN ran for State Senate—and *did not get it.*

Same time, WILLIAM ran for District Attorney in Adams, and, almost alone of his ticket, *did not get it.*

*Now*, CALVIN and WILLIAM are again clamoring for place. The former demands it against a brave and able, a gallant and wounded soldier, who is one of the best and finest of men.—The latter asks election over A. J. COVER, Esq., of whom every acquaintance is a friend, and whose friends are legion.

Neither is entitled to election—for many reasons. One is sufficient. They are a family of office-hunters.

CESSNA will be our Congressman, by 800 majority. But it is important to have our majorities large, so as to strike terror to Southern Rebels, and make GRANT's election sure by overwhelming majorities.

ADAMS COUNTY OWES COL. DIXON a debt of gratitude which it were a damning shame if she did not *seek to* repay. As long as this Round Top lift up their heads above that memorable field of glory, which has given Adams county a name in the world's annals forever, they will be monuments of the valor of the Division which saved the fight; and we will not believe that the men of Adams will turn to disgrace the opportunity of rewarding a soldier who so largely participated in "that glorious day's renown." To save your property, your families, your own persons, fellow-citizens of Adams, Col. Dixon ventured his own life upon your soil—can you vote against him, in return? Such of you as wished Lee as your master may; those whose hearts sank when Reynolds fell—Reynolds who was so long the immediate commander and personal friend of DIXON—must be perverted from all good impulses, if you can.—*Franklin Repository.*

DURING THE REBELLION, Col. WILLIAM D. DIXON, and CALVIN M. DUNCAN, Esq., rival candidates for the State Senate, fought upon opposite sides. The Col's enemies were clothed in gray; and murdered, and poisoned, and starved "the boys in blue;" Mr. Duncan's foes were they who "rallied around the flag," whether borne in the smoke of battle, or among those at home whose hearts yearned for the brave men at the post of danger and glory. Mr. Duncan had no stomach for soldiering, and no pride in the soldier's cause. His voice was not for the war. He opposed it manfully. He opposed all who favored it. Vallandigham was his type of a statesman then, Seymour and Forrest are now.

Vote for DIXON.

COL. DIXON is universally esteemed as one of the best soldiers in the Reserve Corps. He was one of the earliest and promptest defenders of the Flag. Vote for DIXON.

WHEREVER the history of the Pennsylvania Reserves is known, Col. Dixon will need no voice to sound his praise. His company joined the Sixth Regiment in Harrisburg in June, 1861, and were mustered out on the 11th of June, 1864, having participated in almost all of the fierce battles and wearisome marches of the Army of the Potomac, beginning with the triumph at Drainsville and ending their services with the decided victory at Bethsaida Church, in the Wilderness campaign after their term of enlistment had expired. Men of the Reserve Corps are living among us, and we refer to them whoever may inquire of the military or personal character of Col. Dixon.

A LETTER from a very intelligent gentleman in Oneida county, N. Y. (Seymour's home), written to us under date of Sept. 17, states as follows:

"We are in the midst of our canvass here, with very hopeful prospects in the home of Seymour. *I see no reason to doubt that we shall do full as well in this county and district as at the last Presidential election.* In animation, unity and confidence, we are certainly in advance of our opponents."

SEYMOUR has always run behind his ticket, and will again.

FROM what blood is Dr. DILL sprung, that he scorns the competition for public office, of an honorable and able man, merely because the latter is a mechanic?

### JUDGE BLACK IN FAVOR OF A MONARCHY, IF GRANT BE ELECTED!

READ this extract from the speech of the distinguished Copperhead leader, JEREMIAH S. BLACK—to be found in his speech in York delivered August 24th last, and printed in the York *Gazette* of September 1st last:

"Rather than see General Grant elected President with the understanding that he is to administer the government on the concressional plan of disregarding all constitutional obligations it would be far better to let him, or somebody else, be proclaimed ABSOLUTE DICTATOR AND ABOLISH THE CONSTITUTION AT ONCE. For myself, if I must choose between the two most frightful evils that ever scourged the human race, I WILL, WITHOUT HESITATION, TAKE AN UNLIMITED MONARCHY, IN PREFERENCE TO A ROTTEN REPUBLIC."

DILL is preparing to go with BLACK —and begins by sneering at honest labor.

CESSNA "thrashed" KIMMELL in the joint discussions they had at Schellsburg, Bloody Run, and Waynesboro'.

The Judge "knew his man," when he declined to discuss the issues in the other counties of the district.

LOOK out for "coffee" Naturalization papers! Wallace, of the Democratic State Committee, several months since sent out circulars requesting the names and residences of all unnaturalized foreigners to be set to him. The Philadelphia papers state that over 4,000 fraudulent naturalization papers have been prepared in that city. Wallace is evidently preparing to play the game of last fall again. Republicans, watch the polls!

"HAVE mechanics any rights which professional people are bound to respect?" DILL evidently thinks not. Vote for MILLER; and show DILL that the people have sagacity to perceive merit wherever found, and the courage to call for it.

WHEN Col. DIXON was in the field, HAMPTON and MCCAUSLAND, with their Rebel raiders, pillaged his store in St. Thomas, and destroyed his property. Vote for DIXON.

DR. DILL, we understand, once declined the right to vote at a Republican delegate election in this county, because he said he was a Republican.—He got his vote.

But his aristocratic sentiments show that he was never a Republican in principle; and he soon found himself at home in the ranks of the *sham* Democratic party. He thinks mechanics have no right to rise to high office.—Vote for MILLER, and teach DILL a lesson he will remember all his life.

THE Somerset Republicans, at their late County meeting adopted this handsomely-expressed resolution:

*Resolved*, That Hon. JOHN CESSNA *shall* represent the 16th Congressional district of Pennsylvania—a district dear to all loyal hearts, because it contains the ashes of Chambersburg and the glories of Gettysburg. How like a clap of thunder, the reverberations of the one followed the lightning blaze of the other!

DUNCAN, who is rich, swaggers about his ability to buy his election to the Senate, as he tried to do three years ago.

How base to use such means—especially against a trusty soldier like DIXON! The people will never permit such a dishonor, and will punish, by repudiating, the man who attempts it.

THE Western Republicans are promising great things. They say they can give Grant 225,000 majority in Indiana, from 40,000 to 60,000 in Illinois, 40,000 in Iowa, 30,000 in Ohio, 15,000 to 25,000 in Wisconsin, and a large majority and a clean Republican delegation from Missouri.

The numerous friends of our excellent candidate for Associate Judge, JOHN PICKING, will be glad to learn that he has recovered from his recent severe sickness and is again able to be about. He has been prevented from giving much personal attention to the campaign, and his friends will have to work the harder for him. From all parts of the county we hear of Democrats who appreciate his eminent fitness for the position, and stern integrity, and intend to vote for him.

The Philadelphia *Post* estimates the Republican majority in the State, exclusive of Philadelphia, at not less than ten thousand, and probably fifteen thousand, in October. We have reason to believe that Philadelphia will give us from 3,000 to 5,000.

ORDINARILY, it matters little who represents us in legislative halls. But a free people can never safely elect to office a man who is imbued with contempt for labor.

Vote against DILL.

THE third day of July, 1863, found Col. W. D. Dixon on Little Round Top with his gallant Reserves, resisting the deadly assaults of armed Rebels.

The same day found his opponent, C. M. Duncan, Esq., safe behind the lines of the men Dixon's Reserves were fighting.

The one was perilling his life in the imminent deadly breach to defend and preserve his Government.

Choose between them!

The people have much to do with the office of District Attorney. A. J. COVER, Esq., the present incumbent, is the man for the post—a good lawyer, clever, affable and attentive to business. See that he is re-elected.

SECRETARY SEWARD, Attorney General Evarts, and Gen. Schofield, of Johnson's Cabinet, have declared for Grant. Johnson himself says Seymour can't get more than four States. Clear the track!

GRANT risked his life for his country in a hundred battles, and Seymour never risked so much as one honest word in her support.

ASSERT THE DIGNITY OF LABOR, and elect Capt. CHARLES G. MILLER, to the Legislature.

OHIO and INDIANA are *sure* for the Republicans. Pennsylvania will keep up with her sisters.

PHILADELPHIA will be all ablaze tonight with the grand demonstration of the great Soldiers Convention.

### FROM PHILADELPHIA—IMMENSE DEMONSTRATION.

THE following telegram from one of the Adams county "Boys in Blue," came to hand as we were going to press:

PHILADELPHIA, Oct. 1, 1868.

There is a tremendous outpouring of soldiers and citizens, the like of which has never been known in Philadelphia. Burnside, Kilpatrick and Curtin addressed an immense throng in Independence Square this afternoon, and delegations constantly arriving. The city is wild with excitement and enthusiasm. To-morrow's display will exceed all past demonstrations in the political history of the country.

C. M. DUNCAN, Esq., the Democratic candidate for State Senate, was put forward at the Democratic meeting in the Court-house as a "talker" of the first water, his usher having doubtless in view the fact that during the Rebellion Col. DIXON did his work "fighting" *against* the Rebellion, whilst DUNCAN did his "talking" *for* it. It must be admitted that DUNCAN proved himself a capital "mouther," and if he didn't satisfy his hearers in this respect they are hard to please. DUNCAN, however, doesn't like the big Republican majorities rolled down into the district by Somerset, and it must have been highly refreshing to Judge KIMMELL to have his native county caricatured as a region "where the people read no daily or tri-weekly papers," and are consequently so stupid and illiterate that nothing better could be expected of them than to vote the Republican ticket. If the Judge expects to get any votes at all in good old Somerset, he had better put his "talking" co-laborer on good behavior or send him out of the district until after the election. We confess to being selfish in making this suggestion, for if he permits the "Frosty Sons of Thunder" to be thus slandered to his face, and his Democratic friends here should in addition find out that formerly, while a resident of Somerset and an old-line Whig, he assisted runaway "niggers" to escape from their masters, he will be so badly beaten that no one will hereafter undertake to run for Congress in this district on the Democratic ticket.

HAVE you any aged and infirm Republican voters? See to it that they are brought to the polls to vote.

Do you want Peace and Security, vote the Republican ticket.

## Special Notices.

WOMAN—FEMALE, OWING TO THE PECULIAR and important relations, which they sustain, their peculiar organization, and the offices they perform, are subject to many sufferings. Freedom from these contingents in no small degree to their peace and welfare. That none can be happy who are ill. Not only so, but no one—where certain females continue the general health of the individual, and are long protracted—can even enjoy a day's repose for the relief of these various delicate affections, and only upon the most urgent necessity will a true woman so far sacrifice her greatest charm as to do this. The sex will then think us for placing in their hands simple specifics which will be found efficacious in relieving and curing almost every one of those troublesome complaints peculiar to them.

HELMBOLD'S EXTRACT OF BUCHU.—Hundreds suffer on in sickness, and hundreds of others apply vainly to druggists and doctors, who either merely tantalize them with the hope of a cure or apply remedies which make them worse. I would not wish to assert anything that would do injustice to the afflicted, but I am obliged to say that although it may be produced from excessive exhaustion of the powers of life, by laborious employment, unwholesome air and food, profuse menstruation, the use of tea and coffee, and frequent childbirth, it is far closer caused by direct irritation, applied to the mucous membrane of the vagina itself.

When reviewing the causes of these distressing complaints, it is most painful to contemplate the attendant evils consequent upon them. It is but simple justice to the subject to enumerate a few of the many additional causes which so largely effect the life, health, and happiness of woman in all classes of society, and which, consequently, affect more or less directly, the welfare of the entire human family. The mania that exists for precocious education and marriage, causes the laws that nature designed for corporeal development to be wasted and perverted in the restraints of dress at the early confinement of school, and especially in the unhealthy excitement of the ball-room. Thus, with the body half-clothed, and the mind unduly excited by pleasure, perverting in midnight revel the hours designed by nature for sleep and rest, the work of destruction is half accomplished.

In consequence of this early strain upon her system, unnecessary efforts required by the delicate votary to retain her situation in school at a later day, thus aggravating the evil. When one excitement is over, either in prospective keeps the mind constantly sensitive to impression, while the now constant restraint of fashionable dress absolutely forbidding the exercise indispensable to the attainment and retention of organic health and strength; the exposure to night air; the sudden change of temperature; the comfort producing habit of excessive dancing, and, worst of necessity, produce their legitimate effect. At last, an early marriage caps the climax of misery, and the unfortunate one, hitherto so stiefly regardless of the plain dictates and remonstrances of her delicate nature, becomes an unwilling subject of medical treatment. This is but a truthful picture of the experience of thousands of our young women.

Long before the ability to exercise the functions of the generative organs, they require an education of their peculiar nervous system, composed of what is called the vital fluid, in common with the female breast and lips, evidently under the control of mental emotions and associations at an early period of life; and, as we shall subsequently see, these emotions, when excessive, lead, long before puberty, to habits which sap the very life of their victims or render it less self-comprised their development.

For Female Weakness and Debility, Whites or Leucorrhœa, Too Profuse Menstruation, Exhaustion, Too Long Continued Periods, for Prolapsus and Bearing Down, or Prolapsus Uteri, we offer the most perfect specific known: HELMBOLD'S COMPOUND EXTRACT OF BUCHU! Directions for use, diet, and advice accompany.

Females in every period of life, from infancy to extreme old age, will find it a remedy to aid nature in the discharge of its functions. Strength is the glory of manhood and womanhood. HELMBOLD'S EXTRACT BUCHU is more strengthening that any of the preparations of Bark or Iron, infinitely safer, and more pleasant. HELMBOLD'S EXTRACT BUCHU, having received the endorsement of the most prominent physicians in the United States, is now offered to afflicted humanity as a certain cure for the following diseases and symptoms, from whatever cause originating: General Debility, Lethargy, Mental and Physical Depression, Indigestion, Loss of Memory, Difficulty of Breathing, Horrid Dreams, Hysteria, General Irritability, Restlessness and Sleeplessness at Night, Absence of Muscular Efficiency, Loss of Appetite, Dyspepsia, Emaciation, Low Spirits, Disorganization or Paralysis of the Organs of Generation, Palpitation of the Heart, and, in fact all the concomitants of a Nervous and Debilitated state of the system. To insure the genuine, call for HELMBOLD'S. Take no other. Sold by Druggists and Dealers everywhere. $1.25 per bottle, or six bottles for $6.50. Delivered to any address. *The Great Desideratum of the Age.*

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color and the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always curedby its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for useful uses by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the VIGOR can only benefit but not harm it. *It* wanted merely for a

COUNTY MASS MEETING.—Don't forget the County Mass Meeting, to be held WEDNESDAY NEXT. All the Grant and Colfax Clubs in the County are expected to participate. Gov. GRANT, Gen. BANKS, P. FRAZER SMITH, and CLINTON LLOYD—all speakers of reputation—will be present and speak WITHOUT FAIL. A night meeting will also be held in the Court-house, preceded by a torch-light procession of the Boys in Blue.

LOST—On Tuesday last, a Memorandum Book, belonging to Mr. A. A. CRAWFORD, containing papers valuable only to the owner. The finder will please return it to this office.

LARGE SQUIRREL.—Calvin D. Whisler, of Cumberland township, recently shot a Fox Squirrel, which measured 3 feet 2½ inches in length and weighed three and one-half pounds. Who can beat it?

SERVICES.—There will be preaching at the Hunterstown Presbyterian Church, on Sunday morning the 11th of October, at 9 o'clock, and at the Marsh Creek Church in the afternoon at 3 o'clock, by Rev. VAN CLEVE.

CHANGE.—Messrs. Wm. TIPTON & ROBERT A. MYERS have purchased the Daguerrean Gallery of C. J. TYSON, on York street, and will continue the business under the name of TIP TON & MYERS. They are both practical operators and young men of energy.

EQUIPMENTS.—The Borough Grant and Colfax Club have procured a set of Campaign equipments, glazed Caps and Capes, and a Torchlight. They paraded for the first time on Wednesday evening of last week and made a handsome display. Lieut. WM. R. EYSTER addressed the regular meeting of the Club on Friday evening last. The Club will meet in their Hall to-night at 7½ o'clock. Speaking may be expected.

LITTLESTOWN MEETING.—The last of the series of meetings in this county to be addressed by Hon. JOHN CESSNA, will be held in Littlestown TO-NIGHT. Hon. M. MCPHERSON will also speak. A SPECIAL TRAIN will be run from this place, leaving at 6 o'clock, with a delegation of "Boys in Blue," with Caps, Capes and Torches. The fare for the round trip will be 75 cents. Tickets to be secured before entering the cars. Let there be a full turn out.

SUDDEN DEATH.—Mr. HENRY GROVE, of Union township, came to his death very suddenly on the 7th ult. He and his wife were on a visit to Maryland, and when on their return, not more than a mile from the place they started from, the horse in the carriage fell. Mr. Grove hurried out to help him up, but he recovered himself without assistance. Mr. G. again took his seat and drove on, but before going far he fell forward, out of the vehicle, and immediately expired. It is supposed that death resulted from disease of the heart, excited by the falling of the horse. Deceased was in his 68th year.—*Compiler.*

FAIRFIELD MEETING.—The meeting on Monday night was large and enthusiastic. President, Hon. John McGinley; Vice Presidents, Jacob Musselman, Lewis Wortz, James McCarney, Christian Frey, E. W. Harbaugh, and Wm. Commers; Secretaries, Peter Kready, D. R. Musselman and Martin Overholtzer. The meeting was addressed by Hon. John Cessna, Hon. Edward McPherson, and Capt. Charles G. Miller. Our friends in Hamiltonban and Liberty are hard at work, and will make a good fight for the whole ticket.

ABBOTTSTOWN.—The meeting at Abbottstown on Tuesday evening was a fine one, large delegations being present from Hanover, Oxford and East Berlin, and much enthusiasm evinced. Hon. John Cessna, Hon. E. McPherson, Capt. C. G. Miller and A. J. Cover, Esq., addressed the meeting. The following were the officers:

President—John Busby.
Vice Presidents—Dr. M. D. G. Pfeiffer, Geo. Jacoby, esq., J. G. Wolf, D. E. Hollinger, F. W. Grove, Geo. H. Baker, Joseph Berlin, Dr. Georga H. Jordy, J. R. Henry, E. H. Stahl, J. B. Picking, H. Stevens, E. Spangler, E. Heiss, John Doll, J. Martin, J. Groff.
Secretaries—W. Metzger, J. F. Koehler, W. W. Hafer, Henry Kuhn, M. Stambaugh, Jacob Hankey, Allen Grove, Paul Herab, F. W. Grove, jr., Charles Hersh.

BOYS IN BLUE.—The "Boys in Blue" met in the Grant and Colfax Club room on Saturday last, and organized for the Campaign, auxiliary to the Grant & Colfax Club. The following officers were elected:

President—Wm. R. Eyster,
Recording Secretary—A. M. Hunter,
Cor. Secretary—Joseph Meals,
Treasurer—J. M. Krauth.
Executive Committee—R. M. Schick, D. W. Robison, Wm. Pierce, A. Bitzenberger, and D. L. Smith.

Lieut. EYSTER addressed the club, urging the importance of the coming election and the duty of every loyal soldier to give his active aid to secure the fruits of the toils and sacrifices of the War. It was determined to send a delegation to the great Soldiers' Convention to be held in Philadelphia Oct. 1 and 2, and the Secretaries were authorized to give credentials to all who might desire to go.

PETERSBURG.—The Republicans of the York Springs District are thoroughly aroused. The meeting on Wednesday night was the largest held in that district since 1860, delegations being present from Gettysburg, Hampton, and other places. The meeting was preceded by a brilliant torch-light procession headed by the Petersburg and Gettysburg clubs, with three drum corps. A handsome platform, decorated with wreaths, flags, portraits of Grant, Colfax, &c., had been put up by the Club, from which Messrs. Cessna, McPherson, Miller and Koontz made effective speeches. The Petersburg Club had appointed Dr. G. A. Uhler, A. H. Rhoads and E. Wampler a Committee of arrangements, and it their work well.

The following were the officers:

SEYMOUR MEETING.—The Seymourites held a meeting in the Court-house on Thursday evening last, to give Judge KIMMELL and C. M. DUNCAN, Esq., an opportunity to deliver themselves.—With the attraction of a Brass Band, and a number of Republicans curious to hear Copperhead argumentations, they managed to get together a respectable meeting—not near so large, however, as the Republican meeting of the preceding evening. Both gentlemen delivered themselves at considerable length—both going it strong on the "Nigger," "Black Republican Extravagance," and wholesale denunciation of Congressional legislation, while both were as gentle as sucking lambs in dealing with our "erring brethren" of the South. Mr CESSNA hit the nail on the head, when he said the best evidence of the infidelity of the Democratic party was to be found in the fact that while its recognized leaders and champions have not a word of denunciation for Treason and Traitors, their bitter denunciations of the Government and the gallant heroes who put down the Rebellion, constitute the staples of all the wares they bring into the political market. The exhibition at the meeting on Thursday night was not an exception to the rule. Both Judge KIMMELL and Mr. DUNCAN plead earnestly for a burying up of the "dead issues of the past," both doubtless believing, with FRANK BLAIR, that Gen. LEE, JOE JOHNSON, WADE HAMPTON, Butcher FORREST and Pirate SEMMES, were just as good men as GRANT, SHERMAN, SHERIDAN, MEADE, and FARRAGUT, and that it would be "uncivilized" and "barbarous" not to allow these worthies and their colaborers in treason to share the highest honors of the Republic! Well, we don't object to Judge KIMMELL and Mr. DUNCAN training in any crowd they please. But as loyal men we beg leave to be excused from training with them. We prefer to hold to the doctrine enunciated by Andrew Johnson—that "Treason is a crime and should be rendered infamous," that the work of re-organizing the Government should be given over to loyal men, while Rebels and Rebel sympathizers take "back seats"—Judge KIMMELL and C. M. DUNCAN with them.

SMASH UP.—The evening Passenger train on the Gettysburg railroad came near having a serious accident on Tuesday last. The engine had been detached as usual on approaching the freight house, to allow the passenger car to be switched off on the side track, when the engine ran off the track, and before its speed could be materially slackened, ran into some loose cars on the side track at the freight house, the shock throwing the engineer, Mr. CARL MILLER, from the engine, and tearing up things generally. Mr. MILLER fortunately escaped with an ugly cut on the back of his head and a severe contusion of the shoulder, which will disable him for a few days. The passenger car ran into the wreck, but without sustaining special damage. On examination it was found that the accident was occasioned by the breaking of a rail about 50 yards below the freight house.

The track being blocked up, an engine was sent from Hanover Junction to assist in clearing it, which was effected sometime after midnight, and the train left as usual on Wednesday morning. We learn that another accident occurred during the night on the Hanover Branch road. As the engine which had been telegraphed for was coming up from the Junction, it ran into a hand-car below Jefferson, which some repair hands had taken to go to Jefferson. One of them named LOOKABAUGH, had the toes of one of his feet cut off.

ANOTHER.—As the morning train on Wednesday was starting from the commons in Hanover, an old man, named Smith, aged about 70 years, who ran on the track in front of the train to drive his cow off, was struck by the cow-catcher, and thrown aside, breaking his arm and otherwise injuring him.

ACCIDENT.—Mr. BENJAMIN MARSHALL, of Hamiltonban township, while riding into the Mountain several weeks ago, met a one horse wagon in a steep and narrow road. By some means one of the shafts of the wagon was run into the side of Mr. MARSHALL'S horse, from the effects of which the animal died in a few days. Mr. M. was not injured.

FIRE.—About 5 o'clock on Tuesday morning last, our citizens were startled by the cry of "Fire!" occasioned by the discovery that the Forge property of Mr. JACOB REILY, near the foundry, was on fire. The buildings being frame were rapidly consumed, the destruction being total. Mr. REILY recently purchased the property for $6,500, and had many sundry improvements, involving an expenditure of about $500. All the machinery and stock, including several tons of scraps and about a ton of hammered iron, were destroyed or damaged. The origin of the fire is involved in mystery, as work in the forge had been suspended for a week or ten days, in consequence of change in hands, and there was no fire in the buildings. Incendiarism is suspected. Mr. REILY, we are glad to learn, has an insurance of $5,000, one-half in the York County Company and one-half in the Columbia Company.

SHARP.—A friend called in the office the other day to know whether the "Chicken Cholera" had been in this region recently. Upon inquiring as to the cause of the inquiry, we received the reply that it was so reported, and further that the *Compiler* "scooter" had fallen a victim as nothing had been heard of it since the Vermont and Maine elections!

SALES.—Hon. S. R. BUSSELL has sold a lot on Stratton street to PHILIP T. CASHMAN, for $475, on which Mr. C. is preparing to erect a double two-story frame Dwelling.

T. M. BRENEMAN has sold his Store property in Bragtown to JOSEPH LEREW, of Dillsburg, for $2,785. Mr. LEREW will open a store by the first of April.

The "Katalysine Springs Company" have purchased the property of Mr. J. A. Grimes, on the Chambersburg pike, within the borough limits, for $5,000; and also the properties of Mr. C. H. Dustman, and James Thompson, on Seminary Ridge, paying for the former $1,800, and for the latter $1,900; also about 10 Acres from D. McConaughy, Esq., in the rear of the Seminary, for $100 per acre; from Judge Ziegler 3 acres for $1,000; Lewis Kumlerand 7 acres for $800; also C. J. Tyson's Nursery property, 20 acres with improvements, for $9,000. The Springs company now own all the land from Willoughby's Run to town between the Chambersburg pike and Hagerstown road, excepting the Seminary property and a small lot of Mr. Zay; and in addition own the Ireland property west of the Run, and the Stemmers and McPherson properties north of the pike. They contemplate opening an avenue and probably horse-car railway from town direct to the Springs.

The farm of Ephraim Heagy, deceased, in Hamilton township, was sold by the Executors, on the the 28th ult., to Michael M. Bricker, of York county—83 acres, with improvements, at $66 25 per acre.

R. G. McCreary, Executor, on Tuesday last sold the property of John Brown, deceased, on Baltimore street, to James Bigham for $1,855.

SELLING OFF.—A fine chance for Bargains is now presented at the store of DUFFHORN & HOFFMAN, in this place, who are selling off their large and varied stock of Dry Goods at cost. Their goods are of the latest styles and best quality. Their stock of clothing, cassimeres, tweeds, etc., is extensive. They are going to sell their entire stock, and persons would do well to call early and get the first choice, as the goods are selling rapidly. See advertisement.

THE COUNTY FAIR.—We went to press last week while the Fair was in progress, the managers having continued it over Friday, in consequence of the bad weather. The heavy rains during the week interfered largely not only with the attendance but the exhibition of articles—many persons who had intended to send articles withholding them in consequence of the rain and mud. All things considered the Exhibition was a creditable one. The attendance on Tuesday and Wednesday was limited, but on Thursday, notwithstanding the rain, the crowd was probably in excess of any day last year.

The Display in the large building was attractive, the various articles being more systematically arranged than last year. There was a large collection of Silk and Worsted Work, home-made Carpets, Embroidery, Needle Work, Natural and Artificial Flowers, Oil Paintings, Chromos, Pencil Drawings, Preserves, Jellies, Canned Fruit, Honey, Butter, Bread, Cakes, and an endless variety of plain and fancy articles. The Sewing Machine interest was well represented, with Pianos, Cabinet Organs, Marble Work, &c. We noticed a walnut Arm-Chair on exhibition by John J. Bingley, of Hanover, said to have been made in England in 1430—also an earther Crock represented to be 162 years old. A tastefully arranged cage of stuffed Birds and small animals, prepared by Dr. T. T. Tate and H. G. Geyer, attracted much attention.

The Stock exhibition was not as large as it would have been had the weather been favorable, but there were fine specimens of heavy and quick Draft Horses, Hogs, Sheep, and Horned Cattle, with some fine Poultry.

The collection of Farm Implements and Products was large and creditable.

The receipts amounted to $3,027.67, from the following sources:—Entrance fees for special premiums $25; life membership $20; rent of stands, &c., $383; rent of stalls, $13; sale of oats, $48.07; sale of tickets, $2557.70. The expenses, including premiums, will be about $1500, leaving a surplus of about $1500, to be applied to the new building, paving, &c., which will cost about $2500. This will leave an indebtedness of $1000 to be added to the $5,000 of last year, making a total debt of $6,000. The grounds, however, are valuable, and would at any time command in cash much more than the entire indebtedness. Two or three years more of successful management, and well encouraged Fairs, will produce receipts sufficient to to pay off all the debt.

The first premium for the county trot was taken by a bay horse owned by Jacob Reily, of this place, $25; and the second premium by a brown horse owned by Dr. E. Shorb, $15. The $100 trotting premium, open to all, was taken by a grey horse entered by Martin Quinn, of York, the condition being the best two out of three, mile heats. Five entries were made:

Martin Quinn, of York, grey.
Myers & Kemp, of Baltimore, grey.
Chas. McFadden, of Carroll co., brown.
Jacob Reily, of Gettysburg, bay.
G. W. Smith, of Frederick co., brown.

On the first heat the two latter were distanced, and ruled out. Quinn's horse came in first, but the Judges decided in favor of Myers & Kemp, by reason of foul driving on part of driver of the Quinn horse. Four heats were run, with the following result:

| | 1st | 2d | 3d | 4th |
|---|---|---|---|---|
| Martin Quinn, | 3 | 1 | 2 | 1 |
| Charles McFadden, | 2 | 2 | 1 | 2 |
| Myers & Kemp, | 1 | 3 | 3 | 3 |

## SHORTS.

Lima beans often rot in the ground if planted before a rain. An almost sure remedy for that is to *grease* them before planting.——Docking the tails of horses and cattle is a needless cruelty.—Nature knew what she was about in equipping them for fly-time.——Cream can be kept several days in hot weather without spoiling, by putting a tea-cup of salt in a gallon of cream. So says an exchange.——If you want small potatoes hoe them frequently, so as to cause new tubers to set. If you don't't don't,——Moles do a great deal of good in destroying worms. But it is doubtful whether they pay their way—especially when their way is dug through a garden.——A dead horse is worth more for fertilizing purposes than three loads of common manure; and a dead dog more than a live one, on the average.——It is time to begin to think of saving garden seeds for another year. Select the best and you will get seeds and surer to grow than if you depend on buying them.——Mules as farm team are tougher than horses, longer lived, will do three times the work on the same food and are less subject to disease. But then they will be *mules*.——A writer in *The Southern Planter and Farmer* thinks that weeds are useful as a fertilizer, especially on exhausted lands. The doctrine if it isn't true is at any rate a comforting one to Southern farmers in these days.——"They say" that hams, or bacon, will keep nicely all summer if packed closely in a plenty of dry sawdust. Another way is to wrap in paper and pack in ashes.——A Tennessee sheep breeder who has collected ples from wool-producing countries ty years past thinks that warm cli- oduce finer wool than cold ones. wish to teach the boys to do ool work and love work give them good tools, not the worn out ones that have laid aside in the invalid corps.——The best preventive of rust in wheat: silicate manures, like lime, ashes, & drainage.—Dahlias raised from seed produce new varieties.——Cut the black warts off the plum trees. They are the favorite breeding places of curculio.——Raspberries thrive best on northern slopes. They love a cool and shady location.——The cauliflower deserves a more general cultivation than it has yet begun to receive in country gardens. It is an excellent vegetable, and is grown with the same culture as the cabbage.——A Rockford gardener fights the bugs by feeding them. He plants the tender varieties of vines around his melon hills that the bugs may feed on them—keeping up the succulent fare by successive plantings. That may be successful strategy, but killing the pests out and out, in some way, is more enjoyable.——The dairymen in central New York are experimenting with cheese boxes made of paper instead of wood.——Grass seed is said to "take" better when sown with a small quantity of oats or other grain. Wetting it slightly causes it to stick to the kernels of the grain, securing a more even sowing.——An acre of sweet corn, sowed broadcast, for every ten cows, and fed out in the dry season when pastures run short, will keep up the flow of milk surprisingly, and prove very remunerative.——Evergreens should not be watered except in very dry weather, and then only at night. A thick mulch around the tree is better than water.——An exchange says that tomstoe vines tied up to stakes or walls come into bearing earlier and bear later and a great deal more than when left to sprawl upon the ground. Of course it is a little trouble to train them, but not so much as the same amount of fruit requires in the slovenly method of culture.——The vegetable oyster (salisfy) is a gross feeder and must be thinned out unsparingly to get good roots. Put them eight inches apart.——Some farmers have had trouble in getting single men as hired help are finding out that it pays to build plain but comfortable cottages for tenants and hire married men.

## SIFTINGS.

Pear trees—standards—that will do well in grass land often die if the land is cultivated a few seasons. They want the soil to themselves.——A Maine farmer has demonstrated, to his own satisfaction at least, that it is a better plan to drill corn and drill manure in the rows than to plant the manure in the hill.——To prevent the rebounding of a wedge from a log, sprinkle a little dry sand in the crevice from which it flew out.——The great problem in keeping horses is to keep them at work. Idle teams are an expensive luxury.——The theory is broached in France that the potato disease depends on certain conditions of the soil and that it makes its appearance in those fields which the manure is heavily charged with nitrogen and also where the soil is poor in potash or phosphate of lime. Should this prove true the remedy would not be a difficult one.——*The Ohio Farmer* thinks that nine-tenths of the diseases which happen to the hoofs and ankles of horses are occasioned by standing on the dry plank floors of the stable. Many persons seem to think, from the way they keep their horses, that the foot of the horse was never made for moisture, and that, if possible, it would be beneficial if they had cow-hide boots to put on every time they went out.——When a cow or ox gets choked, it is said that immediate relief may be obtained by strapping up a fore leg and compelling the animal to jump; when the obstruction will fly out.——Samuel Thorne, of Dutchess Co., N. Y., cures breachy cattle of all disposition to jump over fences by clipping off the tashes from the under lid of the animal's eye.——It is a much debated question among dairymen whether whey is most profitable fed to cows or hogs. Out of respect to the cow which supplied it, give it to the hog.——It is very poor policy to pare potatoes before boiling, when they are selling at a dollar and a half a bushel or—any other price. For the richest part of the potato is found within an eighth of an inch of the skin.——Last year an ex-army officer bought, fenced, broke up and seeded to wheat and timothy 300 acres in Linn Co., Mo. The total cost of land, labor, and material was $7,000. He has been offered $7,000 for the wheat crop alone, just as it stands now. But he expects to get $9,000.——It is a pity that hogs should not be of service in the use of their snouts inasmuch as it is such a gratification to them. Some farmers find they are a large help in stirring soil under certain circumstances.——White houses are a blemish in a country landscape. Some neutral tint is in far better taste for the homestead.——A writer in the *North Western Farmer* thinks clover should always be sown with timothy. One reason for which is, that the clover, with its tap root, penetrates and mellows the soil, giving greater vigor to the timothy, which in turn holds up the clover.——One reason of the fertility of new land is the decaying of roots, which renders the soil porous. Clover roots will produce a similar result in old land.——It would be an interesting experiment to try the effects of regular and irregular feeding on two animals in otherwise the same circumstances There would be a large margin in favor of the former.——The new style of continuous-calk horse-shoe, all steel, the section of which is exactly like an inverted T is meeting with great favor where it has been tried. Some of its advantages are manifest, others that are claimed for it can easily be tested on trial.

J. H. SHIREMAN'S

## REAPERS & MOWERS.

HAVING been agent for the machine last season, I will also offer it to the farmer this season. It is well known, having taken the premium at the Sanderville Fair, also at the Gettysburg Mowing Match over seven others, which were considered splendid machines, and likewise at the Dillsburg Mowing Match. Having concluded not to offer any machine that will not give entire satisfaction, I have taken the agencies of several other machines, and now offer this one as

THE GREAT MACHINE OF THE SEASON.

Having tried one myself, I know exactly what it will do. I could refer you to scores of farmers who have purchased machines of me, who are highly pleased and say this is the only machine they would use.

Extras always on hand, and repairing done here at my place. This is a great consideration—the machine can be repaired at home immediately, and with much less cost.

Another great saving is the BINDER which is attached to this celebrated Reaper and Mower. It has been thoroughly tried, and gives entire satisfaction—requiring no harvest hand except a driver. This Binder can also be attached to the Reapers which have been sold; but cannot be attached to any other machine except Shireman's.

I will here refer you to a few farmers, in different localities, who have bought and used these machines

with others, too numerous to mention.

This machine has a self-rake, side delivery, and is warranted to do its work as above recommended.

Also on hand, SHIREMAN'S SELF-DISCHARGING HORSE RAKE, a first-rate article, which we will sell at the lowest possible price. Warranted to give satisfaction. Also the COLUMBIA RAKE always on hand.

Machines can be seen at my house, three miles south of Gettysburg, or at Mr. Conrad Snyder's Battlefield Hotel. LEWIS A. BUSHMAN,

GEISER'S PATENT SELF-REGULATING

## GRAIN SEPARATOR,

CLEANER AND BAGGER,

*With the latest improved Triple-geared Horse Power, either Gear or Belt.*

This machine has successfully competed with all the best of the different patented Grain Separators, and now has the reputation of being the best Separator ever produced; in fact, the only Separator and Cleaner ever before the public to give general satisfaction.

The machine is conveniently arranged for handling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half the trouble on a barn floor as a common thresher and shaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and cleanly to work by while in operation, breaking none but dust as the common machine or other Separators.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farm ers that are using them we must come to the conclusion that it is the very machine that farmers want.

The following are a few of the persons who have used this machine, well known, and to whom the public are referred for further information:
